

B240PX

Compact VV

23.8 m

EN

The GSR double articulated platform B240PX allows to reach a maximum horizontal out reach of 12.20. This machine maintains the stabilizations “in shape”, with the result of being particularly compact.

Simple to use and technologically advanced, this model keeps the traditional levels of rigidity and sturdiness of the PX series and confirms the high quality and innovation standards of GSR products.

GSR
AERIAL PLATFORMS
